## THE TWENTIETH CENTURY.

Call by the Evangeller Alliance for a World

Wide Concert of Prayer to Usher It In. To ALL CHRISTIAN PROPLE: At the close of the last century a Concert of Prayer was observed by many Christians of both the Old World and the New, and the united intercessten was followed by unusual spiritual blessing. Accordingly, by more than one eccle stastical fellowship abroad, and by some of our own Christian leaders, the wish for a similar world-wide union of prayer has been earnestly expressed, and various movements in the direction of united prayer during the coming months have actually been entered upon.

dread. On the one hand, there are unwonted tokens of the coming of God's Kingdom, Light everywhere breaking forth. In realms naterial, intellectual, spiritual, there is on-vard movement. Old ignorances and supertitions and tyrannies are breaking up. rights and duties of the individual, the office and welfare of society, the mission of the Church, the largeness of the Kingdom itself, are better and better understood. The brotherhood of man, the Fatherhood of God, the units in Christ of all true Christians, are taking on new meaning and new bower. In spite of adverse forces, God is magnifying the witness for Himself in every land.

On the other hand, there is a perilous unrest. There is a vast questioning of teuths and faiths. There is haughty self-assertion. There is a disposition to count this present world of controlling moment. The sense of the Word's insoured supremacy of sin's faith denerit.

trolling moment. The sense of the Word's inspired supremacy, of sin's fatal demerit, of God's infinite grace in thrist, of love's atening sacrifice, of eternity's decisive awards, is far too weak. The veritable kingship of our Lord, the real sovereighty of His teaching and commands, H.s divine preminence as the way, the truth and the Hie, are far too lightly held.

Meanwhile the world movements sweep on.

Ingrity held.

Meanwhile the world movements sweep on. Nations are in commotion. Civilizations are in conflict. The coming century will be, in many ways, a decisive century. What, then, so urgent as true intercession with Him who, holding supreme control, has promised to hear and answer united prayer?

It is therefore recommended, as stimulating and emphasizing the movement for united prayer, that the first Sunday of December be everywhere given to earnest consideration of the great need, and to faithful request for God's great blessing special public and private intercession being thenceforth faithfully continued. It is also suggested that churches and individuals mark the advent of New Year's by watch night prayer. Further, all believers are invited to devote the week Jan. 6 to 13 inclusives of the new year and the new century, to special prayer for one another, for the Church Universal, and for the unsaved world. world.

If believers unite in the prayer of faith, remembering that faith includes the life and the works, the Kingdom will gloriously advance.
